no fracking now - there is no hurry !!

we do not need to sell our ENVIRONMENT - LAND / GAS / WATER / FARM LAND TO FOREIGN INTERESTS - CHINA / NORWAY / CHESA-PEAKE FOR A FEW DOLLARS / OUR HERITAGE - FOR A MESS OF POTAYO !!

we need to keep NY STATE the way it is good to use now FOR OUR CITIZENS / HOMES

there is not enough scientific info to go on ahead - thank you

I understand that my comments will be submitted to the Department of Environmental Conservation as an official public comment in response to the NYS Department of Environmental Conservation's draft Supplemental General Environmental Impact Statement regulating the use of hydrofracturing in the natural gas drilling process.
